Your comments on the planning application

As a professional musician a great deal of my livelihood is made from recording music at the adjacent Air Studios: if these works were to proceed then this would have a detrimental effect on my career and income, and also that of my esteemed colleagues in the recorded music industry.

Air Studios is an internationally-renowned facility for recording film scores, TV post-production, video game soundtracks and popular/classical recording. Recently Air Studios won Music Producers Guild award for Studio of the Year.

Camden Council Customer feedback and enquiries Comments on a current Planning Application - Ref. 20509373

Planning Application Details

The submitted plans for the basement extension will come within one metre of Air Studios: the plans have made no effort to address the inevitable high levels of extremely disturbing noise and vibration that will force the studios to be out of action for at least six months. This would have a detrimental affect on myself and my musician colleagues, and I urge Camden Council to consider the far-reaching consequences this would have on many an artist's livelihoods.
