Your comments on the planning application

The applications 2015/7079/P and 2015/7300/L will have serious repercussions for Air Lyndhurst Studios. These are studios of global importance for the recording industry and vital to the livelihood of singers and instrumental musicians across London. If the studios are unable to function because of noise and vibrations from the proposed work, not only may they have to close down, but Britain may lose its place as the first choice for recording the soundtracks of many Hollywood movies.
