Your comments on the planning application 2015/7079/P
2015/7300/L
11 Rosslyn Hill

I work at Air Studios (next door to 11 Rosslyn Hill) every week and if this planning application is approved then my employment, and the employment of so many individuals, is jeopardised.

The level of noise and vibration that the building works will cause, should the planning application be approved, is such

Planning Application Details

that the studios will be forced to close for an extended period of time (no doubt longer than the 6 months predicted). The reality is that the studio may never be reopened once they have lost their clients. If the studio closes then thousands of people will be out of work. Businesses around Air Studios will also be jeopardised as the studios bring so many people to the area and so much custom for local businesses.

Air Studios is such a beautiful building - this listed building will be at risk if the ground next to it is excavated. There is a risk of flooding to both Air Studios AND 11 Rosslyn Hill if basement excavation is undertaken.

I think it's also worth mentioning that 11 Rosslyn Hill is on the junction of a very busy road. The increase of traffic with heavy goods vehicles accessing the building site, should the planning application be approved, would make this junction even more dangerous. There is a children's school opposite and their safety must be considered.

It is unreasonable that people keep having to object to this planning application. Surely enough is now enough: you must have enough reason to reject this planning application entirely, once and for all.
