Your comments on the planning application

The plans to excavate the basement of 11 Roslyn Hill would be a disaster for their neighbour's Air Studios. The studio relies upon relative quiet in the area and this building work would cause huge amounts of noise and disruption. The underground excavations (up to a metre from the studio foundations) would render Air Studios redundant for at least 6 months. Many musicians, artists and technicians rely on the studio to make their living. Due to enormous losses the studio may have to close down if these proposals go ahead. It would be far more serious than a 6 month problem.

Planning Application Details

It is unreasonable to treat our original objections as not applying to the second application. The first application should be rejected but our original objections stand for the first and second applications.
Please help us prevent this unnecessary devastation.
