Subject: Removal of listed tree

Your ref 2016/1193/T

Dear Sir or Madam

You have written to me re the removal of a beech tree in the front garden of this development - Hampstead Gates, 40a Prince of Wales Road, NW5 3LN

Although this tree has lost a few branches and needs others to be removed, it enhances the property enormously, and I would like a second opinion as to whether it can be saved prior to its being felled. It appears to be still healthy and does not appear to be a danger or likely to fall. Please investigate further before allowing this to go ahead

Yours sincerely

E A Thorne leaseholder of Flat 2
