OF STATE FOR DCLG

Regarding applications: **2015/7079/P & 2015/7300/L and 11 Rosslyn Hill**

I write to you to object to the application for a major development which would disrupt the workings of Air recording studios.

As a musician who records regularly in Air studios with commercially successful recording artists, I object strongly to any disruption to this building. I do not want to see Air close as myself and the artists I record with value not only Air's musical heritage, but also the exceptional facilities - recording and otherwise - the environment and quality of staff at the premises.

I should also like to take the opportunity to point out that:

- it is unreasonable to treat the original objection as not applying to the second application;
- the first application should be rejected and the original objections stand for the first and second applications

Yours sincerely,

Guy Chambers
