Ian

Further to the revised application I would like on behalf of the occupants of 1, Cantelowes Rd make the following objections.

1. The proposals would seem to necessitate the Yucca tree which screens no. 44 as well as the two smaller Yucca trees.
2. The raising of the wall at the bottom of the garden would be oppressive and the terrace on top would seriously compromise the privacy of the occupants of No.1.
3. The parapets proposed are too low.

I would also be grateful if you would let me know when a decision is likely to be made on this case and whether in view of the objections of the conservation area committee it will now go to a member's briefing.
