2016/0758/P	Sarah john	18 Hugo Road London N19 5eu	15/03/2016 23:07:42	INT	Having lived at 15 Boscastle Road for 25 plus years I am appalled to see that the beautiful green aspect at the rear of the property is being threatened by this development. It is rare in London to have such greenery in residential areas and it is something that should be treasured. The dwelling could set a precedent for other developments which I think would be detrimental to all of London and conservation areas. Please respect the greenery and magic of the lane.
2016/0758/P	james beggs	10 Little Green Street London NW5 1BL NW5 1BL	15/03/2016 11:32:16	COMMNT	<p>The resale of the existing building will require additional street parking.</p> <p>Nothing should be done to destroy the current rural floorscape of the mews - its interface with the building requires careful consideration.</p> <p>Future similar developments will likely take place, the cumulative effect of which should be carefully considered now.</p> <p>will there be external lighting introduced to the mews?</p> <p>Is the wall between the entrance gate and the living area facing the mews, solid or perforated?</p> <p>Where will visitors park?</p> <p>Will taxis be allowed through the weight restricted access from Grove terrace?</p> <p>How will refuse be removed from the site - by hand or by vehicular access to the Mews?</p> <p>The applicant may wish to consider a feature ridge rooflight over the kitchen/living area which could capture both east and west light.</p> <p>The long term implications of similar developments in the Mews need to be considered now.</p> <p>Otherwise, a logical development.</p>
