Dear Mr Muthooza

I am taking this opportunity to object in no uncertain terms that the assurance given to me before the time of construction that the extension would be a certain height - have been ignored. This is a deplorable situation which has left me feeling cheated and deceived.

My tenant too, has strong objections as does Tony Kay of 14, St. Pauls Crescent, NW1. This build must not stand in its present state

Please understand this is a case which is testing the respect of the Council and your Office  
Yours faithfully

  
ALICE G. SARTOR
