5. Description of Your Proposal

Erection of a single storey rear extension at ground floor level

Reference number:

2015/4457/P

*Date of decision

(DD/MM/YYYY):

30/10/2015

What was the original application type?

Householder planning permission

For the purpose of calculating fees, which of the following best describes the original application type?

☒ **Householder development:** Development to an existing dwelling-house or development within its curtilage

☐ **Other:** anything not covered by the above category

6. Non-Material Amendment(s) Sought

*Please describe the non-material amendment(s) you are seeking to make:

change the height of the rear extension at rear point to 2500mm and change the full glass roof of the extension to mix glass and solid clad in zinc

Are you intending to substitute amended plans or drawings?

☒ Yes ☐ No

If yes please complete the following

Old plan/drawing numbers:

01_01; 02; 03; 04, and 02_01; 02; 03 and 04

New plan/ drawing numbers:

94HWHEX01-04 and 94HWHPL01-04

Please state why you wish to make this amendment:

because it is not possible to build the rear extension with an overall height of 2100mm. the existing inside floor is above 150mm from the outside level. the windows should be minimum 2100mm height and a beam of 200mm h is required on top. Allow for 50mm for insulation and cover we get 2500mm. A full glass roof is not anymore in the client wishes due to hight cost. Also we believe that two side solid section of the roof, in line with the rear returned wall will look much better and provide a better and sustainable insulation for the rear extension
