2015/6681/P	Mrs Hilda-Maria Lee	15 Middlefield	18/03/2016 00:07:52	OBJ	<p>As the owner of 15 Middlefield I would like to object to the proposed erection of three 3-storied mews houses so close to the back entrance of my house. Not only will it decrease the light to 7 of my windows by up to 7%, but also effect the only sunbasing place on a pateo which I only created very recently, and my garden.</p> <p>My 2nd main concern is the loss of 17 garages, which I feel very strongly that Middlefield badly needs, as the car parking situation is causing a lot of stress and unhappiness already. I would also like to object to the narrowing of the road.</p> <p>In general I am not against this road for having a new developement, but not to the detriment of 17 parking spaces and the loss of light to my house and garden.</p> <p>(Maybe one could build a car park under-ground and only have 2 mewshouses on top?</p>
