Application No: 2016/1237/T
Consultees Name: Redington Frogmal Association
Consultees Addr: c/o 12A Hollycroft Avenue
Received: 18/03/2016 00:56:39
Comment: COMMEM ALL
Response: We regret the felling of trees which provide important shelter and nesting habitat for birds. These losses could be mitigated by new planting of native trees and hedging which will, in time, replace the lost habitat. Ivy is also be important habitat for enhancing biodiversity.
