16 March 2016

Dear Sir

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
**6 Lymington Road
London
NW6 1HY**

Proposal:
Erection of single storey rear extension to replace existing and replacement of all windows with timber double glazed windows
Drawing Nos: 001; 010; 020; 021; 110; 120; 121; 300; Design & Access Statement dated 20/01/2016

The Council has considered your application and decided to grant permission subject to the following conditions:

Conditions and Reasons:

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 001; 010; 020; 021; 110; 120; 121; 300; Design & Access Statement dated 20/01/2016

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informatives:

- 1 Reasons for granting permission.

The proposed rear extension is partly an enlargement to an existing extension and would provide approximately 8sqm of additional floorspace. It would therefore be subordinate to the three storey dwelling house. The eastern part of the extension would match the existing elevation in terms of materials and fenestration while the replacement element would be in matching materials and of a similar size to existing. The location of the proposed extension at the rear of the property would have a limited impact on the conservation area as it would not be visible from the streetscene. The development would sit comfortably with the host property and neighbouring properties, several of which have been extended to the rear, and would preserve the character and appearance of the wider West End Green conservation area.

The replacement of all timber single glazed windows with timber double glazed windows to the front, side and rear of the property would change their appearance slightly however by reason of the replacement windows matching existing in terms of material, colour and profile it is considered acceptable.

Due to the location and nature of the proposals, they are not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015 and paragraphs 14, 17, 56-68 and 126-141 of the National Planning Policy Framework.

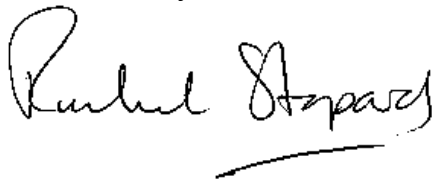

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
