Proposal			
Erection of external wall insulation to the side and rear wall of a dwellinghouse.			
Recommendation:		Approve Certificate	

Site Description
The property is a two storey semi-detached townhouse located on the north side of Quadrant Grove. The building is not listed or located in a conservation area.
Relevant History
PE9700535 - Erection of mansard roof extension and ground floor side extension. As shown on drawing Nos 97000/P01/P02 and unnumbered existing plan. Refused 17/11/1997 9300733 - change of use of ground floor from doctors surgery to residential use as part of two-bedroom single family dwelling as shown on drawing nos. PLAN 1 2 3 4. Granted 27/08/1993
Policies and Legislation
The scheme can only be assessed against the relevant planning legislation which is the Town and Country Planning (General Permitted Development) (England) Order 2015 (SI 2015 No. 596) ("GPDO"). This is to determine whether it is permitted development and hence can go ahead without the specific grant of planning permission from the local planning authority. An assessment of its planning merits as to its acceptability under current policies is therefore not relevant or possible here, as it is purely a legal determination. The determination of this application can only be made by assessing whether the scheme is

lawful as defined by the volumetric/dimensional/locational criteria set out in the GPDO and whether the proposal would constitute 'development' (as defined under S55 of the TCPA 1990).

It should be emphasised that this is a legal determination and no account can be taken of policy or advice within the Camden development plans (LDF) or the planning merits of the scheme in terms of issues such as its impact on hydrogeology, structural stability, neighbour amenity, transport impact, etc.
