Subject: The Broad Walk Regent=s Park 2016/0631/P + 2016/0977/L ADVICE from THE REGENT'S PARK CONSERVATION AREA ADVISORY COMMITTEE

Dear Matthias, here is our advice on this application: I'm sorry its a day or two late. I look forward to meeting you on site next week. All good wishes, Richard

ADVICE from THE REGENT'S PARK CONSERVATION AREA ADVISORY COMMITTEE

12A Manley Street London NW1 8LT

March 7 2016

The Broad Walk Regent=s Park 2016/0631/P + 2016/0977/L

Installation of a new public drinking fountain.

No objection in principle. There was discussion about the location of the new fountain, in particular why it was not located on one of the main axes of the MoneyPenny fountain, to acknowledge the importance of the historic structure in this area of the Broad Walk.

It was acknowledged that a location within the larger circle of grass and hard surface was a way of meeting expectations – based in the history of the MoneyPenny fountain – that drinking water was available in the area.
