2016/0756/P	Robert Livock	34 Raglan street London NW5 3DA	20/03/2016 19:26:46	SUPPRT	The shop has been modernised and the façade above with its cracked rendering and exposed first floor beam needs rebuilding and this would be an asset to the high street and compliment Lidl which has a restored frontage. Furthermore additional residential accommodation is to be welcomed albeit facing a very busy and polluted street.
