Subject: Objection to 2016/0528/A - The Black Cap

To Whom It May Concern,

I wish to ask this planning application be rejected as it is part of a process to create a place that would not have the Black Cap name, not serve the LGBT+ Community, and I would be concerned about visitors being exposed to violence causing safety issues for us and the pub operator. The Black Cap Pub is a building of its own kind, serving the LGBT+ community..'

Please turn down this application.

Kind regards,

Kyle
