2016/0788/P	Corinna Drysdale	2nd floor 20 Flaxman terrace London WC1H9AT	22/03/2016 12:44:17	OBJ	We strongly object to the proposal. Our office is on the 2nd floor of 20 Flaxman Terrace. We believe the work will be completely disruptive to the running of our business. We cannot see how this work will be carried out without intrusion into our office space. We are also concerned about how this work will affect the light in our office. We are a design led business and we need the natural light. We have a big concern about the security of our office. The noise level will be unacceptable.
