To Ms Kristina Smith.

Dear Ms Smith, my neighbour David Hendry
has asked me to comment on his new garden
shed.

I should like to point out - that my garden
now looks tidy compared to before and
it now also gets more light, because he
has cut back all the growth which cast
long shadows over my garden.

I find my garden very pleasant now and
have no objection to this building.

Yours faithfully

S to Jerram
Shirley Jerram.

Mr Boris Glavocevic,
ground Floor rear Flat
40 Dennington Pk Rd
NW6 1BD

22nd January 2016

To whom it may concern!

I live at the rear of the building and overlook the garden where Mr Hendry has erected his shed/cabin. I find this of benefit to the garden as prior to this going up it has for the last few years just been a muddy patch inhabited by weeds and brambles as no sun shines there mainly due to a very mature tree that grows in the next door garden and shields half there garden of sunshine

.As far as i am concerned this shed/cabin is a positive improvement to my view and does in no way intrude into my privacy as despite being at ground floor level I still look down onto it in some degree...I

have no objection to this structure and once painted as Mr Hendry describes will also enhance natural light into my rooms as he plans on painting the front walls with a cream coloured paint, sides and rear I understand he intends to paint a more natural green and plant plants around so as to remove a blank wall look.

I hope you find this helpful ...

Please don't hesitate to get in touch if you have any other questions!

Regards

Boris Glavocevic
