2016/0501/P	Erik de Haan	2 West Hill Court	23/03/2016 16:15:21	OBJLETTE R	<p>We would like to protest strongly to this proposed change in the work. We agreed to the plans during the period of consultation, on the basis of the official drawings that we saw at the time. We are dismayed that these drawings have changed and that suddenly people are now proposing a high wall right at the edge of our terrace, obstructing our precious views and destroying the nature in our garden and beyond. This will greatly interfere with our enjoyment and use of our terrace and communal gardens. We cannot understand how for the benefit of two people the enjoyment and use of gardens for over a hundred residents of West Hill Court have to be wrecked in this manner. We are greatly opposed to the works themselves as well, and we note that one of the mature trees that some people now want to fell is standing in our gardens, i.e. on our side of the boundary. We are thinking of going public with this travesty of justice and fairness, and mobilise the many people that have already protested at earlier stages of consultation of these works.</p> <p>Sincerely,</p> <p>Erik de Haan Carmen Clemente Meoro Saskia de Haan Clemente Talia de Haan Clemente West Hill Court Flat 2</p>
