24 March 2016

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
10 Chamberlain Street
London
NW1 8XB

Proposal:
Installation of glass panel on ground floor following removal of existing metal staircase to dwelling house in associated with Listed Building works
Drawing Nos: 1206/P01; 1206/P02; 1206/P03; 1206/P04; Design and Access Statement

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as

possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 [and DP25 if in CA] of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 1206/P01; 1206/P02; 1206/P03; 1206/P04; Design and Access Statement

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposed removal of staircase will remove a recent addition to the host building and as such will not increase and scale or massing. The void is proposed to be covered by a glass panel which is considered to be appropriate at its rear location on the ground floor. It will cover the basement level below while providing daylight and sunlight. The location of the works at the rear of the building would mean it has limited impact on the conservation area as it would not be visible from the public realm.

Due to the minimal scale of the proposal, there would be negligible harm to the amenity of any adjoining residential occupiers in terms of the loss of natural light, outlook, privacy, light spill or added sense of enclosure.

No objections were received following statutory consultation. The planning history of the site and relevant appeal decisions were taken into account when coming to this decision.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area under s.66 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan (March 2015), consolidated with alterations since 2011; and paragraphs 14, 17, and 56-66 and 126-141 of the National Planning Policy Framework.

- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

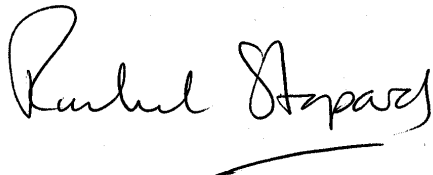

- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

You can find advice about your rights of appeal at:
