Planning Application number: 2016/0759/P

Planning Application address: CARPENTERS ARMS
105 KINGS CROSS ROAD
LONDON
WC1X 9LR.

I object to the Application

Please uphold the previous objection and don't mess with this asset of community. Too many local pubs are closing down and local older people will find it hard to find a place to go ~~down~~ if this pub goes. If you reduce the size of the pub and have flats over the pub you will get complaints from the tenants therefore undermining the future of the pub. The people who run this pub know their regulars and look after them. On popular nights they always make sure the oldest customers have a seat. This pub is so good that a friend of mine from Peckham travels to the pub as there's isn't a pub as good as this near him. I know the property is worth more as flats but there are things worth more than money. If you want a trendy, expensive pub go to Upper Street. This pub is a true community asset as older people need a place to go to meet up with friends. Whole families come to this pub and if we lose it we will be the worse for it.
