Dear Ian Gracie

In respect of Application 2016/0590/P

Thank you for your communication dated 23rd February 2016, in respect of the above. I would like to object on the following grounds. As a long standing resident of Flask Walk I know that previous applications for similar proposals have been refused as being inappropriate as far as the character of the conservation area is concerned and would create an unacceptable precedent for extension and development within the context of this most precious street. I would like to restate these concerns, and object to the current proposals for extension to number 57 Flask Walk

I have also genuine concerns that basement excavations and extensions will put my property at risk.

Patricia Pritchett
