I support the application (please state reasons below)

I object to the application (please state reasons below)

**Your comments**

I object to any changes that stop the Carpenter's Arms pub running as the magnificent public service that it is. It is the heart of the community and I object to every part of London being turned into property rental units. This is a vibrant interesting community because of people who run a service like the Carpenter's arms. I hope Camden has values beyond profit.
