Dear Sir/Madam

Address:

London
NW3 4SR

Proposal:

Drawing Nos: 010 (Site Plan); SV 01/A; SV 02/A; GA 01/B; GA 02/B; GA 03; Planning Statement dated 10 February 2016

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 010 (Site Plan); SV 01/A; SV 02/A; GA 01/B; GA 02/B; GA 03; Planning Statement dated 10 February 2016

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The new entrance canopy and doors are considered acceptable in terms of design and scale and would enhance the appearance of the building at street level. The design and materials would be in-keeping with a more recent extension (2005/2822/P) at sixth floor level. The replacement windows are a welcomed amendment as they would be an improvement on the existing mismatch of aluminium and uPVC and would match the windows on the sixth floor.

The proposal is considered to preserve and enhance the character and appearance of the Eton conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policies 7.4, 7.6 and 7.8 of the London Plan 2015 and paragraphs 14, 17, 56-68 and 126-141 of the National Planning Policy Framework.
