| 2016/0926/P | Robert Neuschul | 34c Frederick Street WC1X 0ND | 25/03/2016 16:42:13 | NOBJ | I support the application for consent. Over the last 2 years the market has brought much-needed diversity and interest to the area as well as actively supporting small-scale food producers and suppliers. Its existence is wholly in keeping with the spirit of the wonderful renovations to both mainline stations. |
| 2016/0926/P | Lisa Watson | 56A Grovelands Road London N134RH | 24/03/2016 18:07:12 | SUPPRT | <p>I was incredibly sad to hear that the Real Food market on Kings Cross square had been suspended due to planning issues. I want now express my support of the application with Camden council to bring this market back.</p> <p>As a close friend of a stallholder and business owner I have seen how dramatically this has affected his and many other small businesses who were building up trade at this busy location. I have spent time down at the market and seen how many customers regularly bought produce throughout the day and on their way home. We should be encouraging people to support small businesses by shopping at markets as opposed to in the supermarket.</p> <p>Please bring the market back!</p> |
| 2016/0926/P | Volf Maricic | 60 Reform Street | 24/03/2016 20:18:52 | COMMNT | I was really surprised when I came back from 2 months abroad to discover there's no more market on Kings Cross! It was a joy and relaxation walking thru the stalls every day after work. Really wouldn't like to see such a nice place disappear. Hope it will be working again soon. |
| 2016/0926/P | Janna | Gower St London WC1E 6BT | 28/03/2016 11:28:29 | SUPPRT | A great way to help small independent producers and brighten up one of London's busiest stations with a market-full of delicious smells, tastes and flavours. The market brings some much-needed and much-loved quirk to the area. |
