2016/1372/P	Chris	Flat 3 35 Fortess Road NW5 1AD NW5 1AD	28/03/2016 13:17:53	OBJ	<p>Another hideous proposal for property redevelopment on Kentish Town Road. The size of the building is a significant increase over the existing building and surroundings and in no way fits with those buildings around it. The view from Prince of Wales Road towards KentishTown Road would be dominated by the building</p> <p>Demolition would require relocation of existing dental facilities to allow them to continue to operate but no indication given how this would be managed.</p>
