Your comments on the planning application

The proposed rear extension would block out the light from our roof terrace and reduce its privacy.

The current rear extension extends 1.2 metres from the main house. Under this proposal it would be extended to 3.75 metres - more than three times its current depth. It is two stories higher than our roof terrace, and to the south of it, so it would block out a substantial amount of light and also reduce the privacy of the terrace.

because I have only just learned of the application by seeing a notice in the street. I believe, as a neighbour, I should have received direct notification from the council of this planning application, but I do not think I received any notification, perhaps because I have only recently moved in (September 2015).
