Your comments on the planning application

We oppose this application. It would really affect the light to our building and we would also be able to see into their flat through their proposed lantern skylight.

I am concerned about the building works. We have small babies living in this building and we are concerned about the disruption this would cause in terms of noise and air pollution affecting their sleep, health and wellbeing and the potential structural instability to their building and ours.

We kindly urge you to reconsider, thanks.
