Your comments on the planning application	<p>My wife and I, as owners and residents of 5A Fellows Road, the lower ground floor flat next door, wish to object strongly to this application. We share a party wall with no. 3. The proposed extension at the back of no. 3, being to the south of our flat and garden, will block much of the light that we need both for our garden and for our flat. I myself have had problems with my vision and need sufficient daylight to conduct my daily life and the work that I do from home. We also object to the proposed window that, contrary to what is stated in the proposal, WILL overlook our garden and in particular the patio where we sit, and will have a view into</p>

the flat above us as well; the present bay window at the first level has the windows on its sides bricked up, preventing intrusion into neighbours' privacy. In addition, we are concerned about the structural stability of this proposed construction, since no. 3 has already had to be underpinned (but not to our knowledge the existing pillars on which the projecting extension would rest). Lastly, we are dismayed at the prospect of yet more construction at no. 3, where the underpinning works have gone on for over six months, causing intolerable noise to all the flats in no. 5. Previously we gave consent to drainage works of theirs which involved digging up our garden. We consented to this for their benefit but would be very negatively impacted by this new proposed work. Hence we strongly urge the Council to reject this proposal.
