2016/0948/P	Mary Whitehead	1 Chalcot Gardens London NW3 4YB	06/04/2016 11:31:09	COMMLET TER	This place already trading as a Cafe/Restaurant and has been for at least 2 years. It causes a huge amount of noise at W/Ends with people crowding the pavement outside with dogs and buggies. The customers park in private parking places in Chalcot Gardens and ignore protestations fom residents. Please move some of the chairs and tables inside in order that the local residents can have an enjoyable weekend. Thank you

They have tables and chairs on the street ... Why would a shop do this? They also cook on these premises and the smell is quite overpowering. The premises are small and Englands Lane is overcrowded with tables and chairs on the street which denies,pedestrians safe passage.
