2016/1094/P	Ms Cabby Laffy	10 b Modbury Gardens NW5 3QE	08/04/2016 18:01:14	COMNOT	<p>Could you please ensure any skips/ heavy delivery lorries are loaded/unloaded at the entrance to our narrow street to avoid further damage caused to the street's york paving stones. I have photos i can submit. This will also reduce noise in this quite residential cul-de-sac which has had substantial building works through the whole of 2014 and 2015 and we are dreading more. Many people in this street are retired or self employed and have endured much disruption, including ill health and loss of earnings.</p> <p>Would you please ensure the most stringent conditions are put on how this work is carried out with due respect to the residents.</p> <p>Please contact me if you require any further information</p>
