2016/1189/P	Tristan	26 Sutton Road Barking IG11 7YD IG11 7YD	08/04/2016 18:40:00	OBJ	Absolutely no justification for this application. This is a much-loved and viable public house which will be lost because of this application. There is no provision for parking and no provision for affordable housing. This represents an unacceptable loss of amenity.
2016/1189/P	Craig Duncan	74 Durdans House Royal College Street	08/04/2016 12:49:46	OBJ	Another of North London's iconic pubs being sold off and converted into a private residential money earner. Continuing the ongoing erosion of the community in this political landscape! Abhorrent! Does this venue not have listed status? This is one of only a few remaining "interesting" venues in the area. The council should have a responsibility to protect what is left of Camden's charm and individuality but it seems more interested in homogeny.
