Has assistance or prior advice been sought from the local authority about this application?  If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):  Officer name:  Title: Mr First name: Neil Surmame: Collins  Reference: 2014/1657/PRE  Date (DD/MM/YYY): 16/04/2014 (Must be pre-application submission)  Details of the pre-application advice received:  2. Design  Cannden's planning policy DP24 states that proposed development should take into account its character, setting and context. Ido not consider that there would be any principle objection with excavation of the front garden area. The submitted plans show that the front boundary wall would be removed and replaced with a smaller dwarf wall with terraced planning areas beyond, flanked by bins cores. There are a number of concerns with this design. Whilst I understand that the existing front wall is not an original boundary enclosures, the general character of boundary enclosures in the street scene is that of walls to a similar higher to the existing. Therefore, I would advice that any scheme includes the provision of a front boundary wall constructed in appropriate materials.  The provision of a garden wall at an appropriate height would help to screen the open garden and refuse bin stores from public view within the street scene. In addition to this, I would also recommend that the planting areas are not terraced down towards the bouse. Insteat provision of a depent, level planting bed would allow for more substantial planting at street level and would help to retain a verdent appearance to the frontage and street scene and again to help screen the below ground works. Depending on the detailed design of the bed, it may be necessary to omit the steps from the proposal and have a smaller light well, but this judgement detailed for the basement extension, that there is scope for excavation of the existing basement and the front garden of the property. Howeve
