

Model: Schwegler Swift Nest Box (Triple Cavity) (X3 boxes Required) Suitable for supporting a colony of swifts (*Apus apus*) or the London Action Plan house sparrow (*Passer domesticus*). The small size, shape and horizontal orientation of the entrance hole is designed to prevent other species from occupying the boxes.

Supplier: <http://www.nhbs.com/browse/search?title-type-facet%5B%5D=&term=Swift+boxes>

Location: Each box will be placed on the north-west facing wall upon the 3rd floor wall, as far from the window as possible. The boxes will be sited close together, one above another, in three rows, in order to encourage a colony to form.

Fitting: The Schwegler Swift Nest Boxes at 45 Holmes Road, will be fixed behind the black timber cladding and the entrances will be left uncovered. The boxes will be painted RAL 9017 to match the cladding and window colour.

Maintenance: Swift nest boxes do not require cleaning out and thus the boxes will be maintenance free.

Model: Schwegler 1WI Summer & Winter Bat Box (x2 Required). Suitable for building-inhabiting London Action Plan bat species such common pipistrelle (*Pipistrellus Pipistrellus*).

Suppliers: <http://www.wildlifeservices.co.uk/batboxes.html> or http://www.nhbs.com/title/177079/1wi-schwegler-summer-and-winter-bat-box?bkfno=187994&ca_id=1495&gclid=CPbrn_bt1ssCFdEy0wodzGsLIQ

Location: Both boxes will be placed on the south-east facing wall upon the 1st floor, beneath the roof top. The boxes will be sited close together to encourage a bat colony to form.

Fitting: The 1WI Bat Boxes at 45 Holmes Road, will be fixed behind the black timber cladding and the entrances will be left uncovered. The boxes will be painted RAL 9017 to match the cladding and window colour.

Maintenance: Self-cleaning and thus completely maintenance-free.
