Description:

Tree in question (Platanus x hispanica(?)) is located inside the Bedford Square garden on the NNW side, close to the North gate. The base is in an island bed. The limb in question points westwards and is located roughly at a third of the total height of the tree.

4. Trees Ownership

Is the applicant the owner of the tree(s)?

Yes No

5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO?

Yes No

Are you wishing to carry out works to tree(s) in a conservation area?

Yes No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

A large limb low down on the tree to be reduced by 30%-40% in length on a mature Platanus x hispanica(?) on the NNW side of the garden, close to the North gate in an island bed. The limb is positioned pointing westwards directly over a path and major thoroughfare of the garden. Proposal is intended to reduce likelihood of accident/injury to garden users without compromising aesthetic footprint of the specimen.
