Dear Darlene,

It was good to speak to you just now.

Regarding the fireplace in the living room, we're planning to replace the current pine fireplace with an almost identical size marble Regency style fireplace.

The exact size is 140cm wide x 104.5cm high. 140cm wide x 104.5 cm h

Attached is an image of the fireplace.

Any questions, please don't hesitate to let me know.

All best
Christina
