2016/1112/P	Michael Gould	188 Goldhurst Terrace NW6 3HN	14/04/2016 17:28:53	SUPC	Our comment are: - we need continual access to our front driveway and want assurances that we will not be blocked by deliveries or refuse collection during the works - we want assurances that there will be no building noise at weekends - we request that the works commence after June 24, 2016 to avoid interruption of our daughter's A level revision - we assume that normal building codes and standards will apply to the works
