Dear Jagdish Akhaja,

**Reference 2016/1324/P: 31 Windmill Street, W1T 2JN**

Alteration to shop front

---

Although we do not wish to comment on the design of the new shopfront, we do wish to object to the new fresh air intake, which is shown on drawing Elevation A-A at low level (left-hand side) on the Whitfield Street facade, because the existing outlet in this similar location is very noisy, and thus a noise nuisance to the residential opposite.

There are flats opposite this Whitfield Street facade at no. 32 Windmill Street (on the corner of Whitfield Street); and at no. 3-5 Whitfield Street; and there are 14 (recently built) flats at no. 7-15 Whitfield Street.

In the circumstances, we would ask that the applicant is asked to provide an acoustic report.

Yours sincerely,

Clive Henderson,  
Committee Member,  
On behalf of Charlotte Street Association.
