Your comments on the planning application

I am not happy with this application as the window they are proposing to put in will look directly into my room where I work every day and also block out light coming from the south.

We have also just had /having 7-8 months of noise and disruption while subsidence is being treated in the same property and this has been extremely disruptive and noisy and stressful.

I would also like to say that we were never notified of this application. It is only by chance that we found out this application was sent.
