London and Middlesex Archaeological Society - for and behalf of the
Council for British Archaeology

For the attention of Shane McDonnell

This Committee acts on behalf of the Council for British Archaeology in respect of Listed buildings and Applications within the Greater London area. The Committee discussed the above case at its meeting on Tuesday, 29 March 2016 and made the following observations:

The Committee objected to this Application on the grounds that it affected the setting and views of a listed building. It was maintained that the garage was being converted into a 'little house' which would be inconsistent with its surroundings.

Vicki Fox (Hon. Secretary)
