2016/1372/P	Catherine Keshishian	4c Patshull Road London NW5 2LB	20/04/2016 21:41:25	OBJ	<p>The windows of my home and terrace look out onto the back of the building in question. My view will be severely affected by adding extra storeys to the height of this building and there is also a danger that I will lose the light onto my terrace at some points of the day.</p> <p>I have no objection to the redevelopment of the site or change from a shop into flats, it is just the added height that I object to.</p>
