

Dear Mr Hope,

I would like to object to the development at **160 Iverson Road 2015/4502/P**

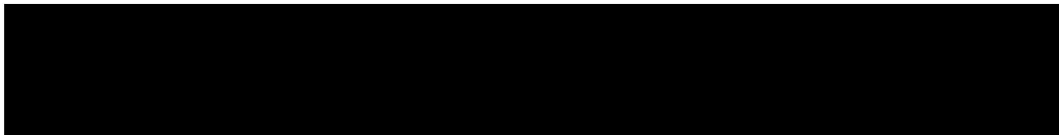

**I would like to object to the use of the large patio style doors on the 1<sup>st</sup> floor rear terrace. This overlooks my property and will be an invasion of my privacy.  
I do not believe that adding a metal balustrade will help this situation.  
I would like it to go back to the original window that was there before.**

Dear mr hope,

I would like to object to the development at 160 Iverson Road 2013/4502/P

I would like to object to the use of the large patio style doors on the 1st floor roof terrace. This directly overlooks my property and will be an invasion of my privacy.

I do not believe that adding a metal balustrade will help this situation.

I would like it to go back to the original window that it was before,

kind regards,
