2016/1825/P	Meredith Whitten on behalf of the Covent Garden Community Association	Covent Garden Community Association 42 Earlham Street WC2H 9LA	22/04/2016 04:14:52	OBJ	<p>The CGCA strongly objects to these proposals and supports Camden's requirement that affordable units be provided onsite, as the permission granted by the Council required.</p> <p>The original application included a social housing provision, however the applicant modified these soon after permission was granted, which is disingenuous in the least, given the acute lack of social housing in Covent Garden and the area.</p> <p>The scheme should not be permitted without the four affordable units that were part of the original permission granted by the Council. A payment of £250,000 is not equivalent to onsite provision by any measurement and, thus, should not be permitted.</p>
