The Council has considered your application and decided to grant Approval of Details (Listed Building) subject to the following condition(s):

Conditions And Reasons:

Informative(s):

- 1 The proposals involve details of repair works to internal and external features, fitting and fixtures as required by condition 8 of listed building consent 2015/4560/L granted 20/01/16, for: demolition of modern kitchenette in rear courtyard area; creation of roof terrace (with timber and metal stair); replacement of staircases to the basement at front and rear lightwells; addition of French doors in the west wall at basement level; relaying of clay tiles to the outer slope area of the roof and internal works including the removal of non-original partitions in vault area; demolition of non-original partition walls and finishes to first floor level; alterations to staircase balustrade at basement level.

A detailed condition survey and schedule of works detailing proposed joinery, plasterwork and ironmongery repair works has been submitted, alongside a typical proposed panelling repair drawing. The scope and method of the proposed works identified in the report are considered to be acceptable. The Morton Partnership Structural Survey identifies some areas where intervention is required to internal panelling; these interventions are justified by the need to introduce new supports to structural beams and have been designed so as to minimise impacts on historic fabric. All required interventions will be repaired as per the agreed repair methods. It is considered that the proposed repair works will preserve the special interest of this Grade II\* listed building.

Public consultation was undertaken by placement of a press notice and site notice, and no responses were received. The site's planning history was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policy DP25 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policy 7.8 of the London Plan 2015 consolidated with alterations since 2011, and paragraphs 14, 17 and 126-141 of the National Planning Policy Framework.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, 5 Pancras Square, London N1C 4AG (tel: 020-7974 6941).
- 3 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be

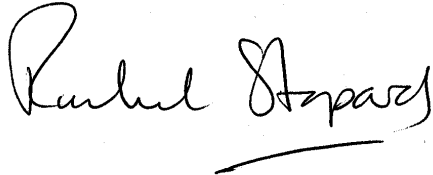

heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, 5 Pancras Square, London N1C 4AG (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

- 4 You are advised that conditions 4, 6, and 9 of listed building consent 2015/4560/L remain outstanding.
