| 2016/1260/P | Kathleen Murray | 7 Tower Court London WC2H 9NU | 25/04/2016 15:32:55 | OBJ | I object to the proposed installations of air conditioning unit and security system on the grounds of loss of privacy if the security system has cameras pointing our way and the huge impact of the noise of the air con unit. The sound would reverberate around our patio area disturbing work and making sleep difficult in the back bedroom. |
