I am asking that work on the side of number 7 and number 9 are on hold between 1pm to 2.30pm because the nursery window of my little girl is located here. She does need a nap everyday during these hours. The rest of the time is ok if the work was to proceed , so i believe it is very reasonable.</p> <p>This is a priority we request to respect.</p> <p>Regards, Sophie</p>
