| 2015/3268/P | Anna Carragher | 23B Swains Lane London N6 6QX | 25/04/2016 12:47:01 | COMMNT | I am concerned that the proposed steam extract may cause noise and smell pollution; my kitchen and bedroom are immediately next door (Top flat, No 23) and above the proposed extract and terminal vent and I object to the application. |
