2016/1633/P	Susan Oldroyd	64 Fitzjohn's Avenue	27/04/2016 14:09:14	COMMNT	It is good to see that the boundary wall and railings will be returned to the frontage of this property using materials to match those existing. Hopefully, the proposed sliding gates will discourage the dangerous use of the pavement and internal paved area as a free for all turning point onto Fitzjohn's Avenue. Will the proposed 6 parking spaces, which does seem rather cramped, be newly delineated to allow vehicles exiting and entering the site to select their direction of travel before passing through the gates? Given that St. Mary's School is the next door neighbour, driving up or down the pavement as the easy option needs to be addressed.
