2016/0748/P	Sean Doherty	Flat 1,40,Shoot Up Hill NW2 3QB	28/04/2016 22:04:06	OBJ	As the occupier of the ground floor flat in 40 shoot up hill I object to the proposed plans. I do this primarily because of the proposed front elevation that would directly face my flat, in particular my large bedroom window. This would encroach on my privacy and block light into the flat. Potential for increased activity and waste would also be a concern.
